Sir,

We have the honor to state that we have purchased twenty-six ordinary house sites between the South-end Road and 2nd Cross Conservancy Lane of the Malleshwaram Extension at a convenient distance from our mills at a cost of Rs 891/- for building quarters for our mill hands.

As the continuations of the West End Road, the South End Road, and of the Conservancy Lanes required for the above sites in accordance with the plan of the Malleshwaram Extension have not been yet formed, we have not been able to level down the above sites and commence building operations on them, it being necessary for us to know previously the levels of the roads and Conservancy Lanes

Therefore we solicit that necessary instructions may
